The **Downtown Holiday Initiative** has created a unique program to light and decorate our city streets for the holiday season.

An “Adopt A Star” project has been established that enables individuals, families, businesses, organizations, clubs, etc. to purchase a star in remembrance of or in honor of special people who have touched our lives. This is an inspiring way to honor or memorialize a loved one such as a spouse, child, parents, grandparents, a teacher, a special athlete, a soldier, or a veteran.

The star may also be purchased to honor or memorialize a high school class, members of an organizations, employees of a business-the possibilities are endless.

Let these special stars shine over our city and provide a meaningful or touching way to honor or memorialize those we have loved and lost and those who have enriched and touched our lives.

Stars may be purchased for \$189 each. Banners are also available for \$45 each. An entire light pole can be purchased for \$350.

A special plaque will be placed in a prominent location listing those remembered or honored and the donor’s name.
